

# Remove a student from a class

To remove a student:

1. Sign in to Classroom at [classroom.google.com](https://classroom.google.com).
2. Open the class and click the **Students** tab.
3. Check the box next to the student, or students, you want to remove.
4. At the top of the page, click **Actions > Remove**.
5. To confirm, click **Remove**.

# Remove a teacher from a class

The primary teacher or any additional teachers can remove teachers from a class. The primary teacher can never be removed or unenroll.

Currently, you can only remove teachers from a class using the web version of Classroom.

To remove a teacher:

1. Sign in to Classroom at [classroom.google.com](https://classroom.google.com).
2. Click the class you want to remove a teacher from.
3. At the top of the class stream, click **About**.
4. Click  next to the teacher you want to remove and select **Remove from class**.
5. To confirm, click **Remove**.
