

iReady Help

1. Who will enter accounts?
2. Principal or AP have admin account
3. Somebody will have to open up the window for diagnostic account

login: [i-ready.com](https://www.i-ready.com)

****Watch Overview Video****

- on first screen

****It will not save passwords. Have to log all the way out then come back in**

Teachers

- click on login
- go to Roster
- you can edit student information
 - student pw are: leeco

-if a student does very poorly on the diagnostic, teacher can re-set the test

-if a student gets stuck on a level, teacher could move

Assignments - Lesson Plans - Student who's stuck, will show lesson blue tab on left
(Order) - click on that then drag down to the next lesson

Student

- if a student fails a lesson and can't move on, teacher needs to assign extra lessons to move on
- if they have an ! to the left of their name then that student needs extra help

To add teacher

go to bottom and click on Add New Teacher
Select school
Add to i-Ready Diagnostic and instruction Class

To add student

check Power School number
select school
fill in: first, last, student ID, grade level,

Settings

- should be already taken care of

Assignments

(classroom teacher)

can look up student assignments

- teacher may need to select “enable instruction” if it isn’t showing for student

Print Roster with student passwords

click on Roster
