**I understand that I am applying/reapplying for admittance into a rigorous elective which is designed to assist me as I challenge myself both personally and academically. I further recognize that AVID is not intended to be a study hall, although we may regularly work collaboratively on assignments. Projects, homework, and other assignments are meant to be completed in a timely manner. Tutorials are not a replacement for independent study and effort. I recognize that the nature of AVID creates a close-knit, family-type atmosphere, and that I am expected to be a participant in creating and preserving a community of mutual respect. If I should fail to maintain my academic progress, or if I fail to participate in any extra-curricular events (including community service), I understand that I may be placed on probation, reprimanded, counseled with my parents, and/or removed from the program.**
